

Summer Ciphers for Secret Message Fun!

You have an important message for your best friend! But it's summer and you're not together. You could write a simple letter or text, but this information is **TOP SECRET!**

You will need:
a pencil or pen,
scissors

Try **ENCRYPTION!** Encryption is putting information into code. Use any of the **symmetric encryption keys** below to **encrypt** your message. Just remember, your friend will need the **same key to decrypt** the message. That's what makes it symmetric!
